

Press release: Crawl 4 Christ 2012

Crawl 4 Christ, a national 4 x 4 Off Road Jamboree, was started in 2008 by the United Christian Off-Road Alliance. A group of families wanting to give people of faith the opportunity to come together from across the country to share their passion for Christ and their love of off-roading in a fun, family friendly environment. It was also an opportunity for all off road enthusiasts to come enjoy a group event without some of the antics and non-family, unofficial activities that happen at camp and late night camp fires. While formed from a Christian group, Crawl 4 Christ is NOT a religious event and anyone is welcome to attend.

This year's event, Crawl 4 Christ 2012, June 6-9, is our 5th anniversary of the event. Hosted by the United Christian Off-Road Alliance, the event is being held in one of the most known off road areas, Moab, Utah. Ron's Pack Creek Campground has agreed to be our base camp for the event with many of our registrants staying in camp with us. Others may choose to stay locally at hotels and motels in the Moab area. This year's event will include trail runs for all levels of experience led by a local organization, School of Rocks. Whether you drive a stock rig or a highly modified rock crawler, there are trails suited for you. All vehicle types are also welcome in the Moab area from dirt bikes to side-by-side UTVs.

This year, we will hold 2 open days of exploring by guests, a welcome barbecue to greet everyone and allow them to meet our trail leaders, 3 full days of guided trails in 4 difficulty classes, a family movie night to allow families to enjoy an open-air movie, and a group barbecue; which will include dinner for everyone, a speaker, and our annual raffle.

Ron's Pack Creek Campground has first class facilities including electric and primitive camping, clean restroom and shower facilities, a nice playground for the kids, and a large overflow area for parking and where we will have our morning trail meetings and line up locations.

While the event is based on Christian values and morals, anyone who is simply looking for a family friendly group of people to go off-roading with is welcome!

Nearby attractions include the shops and downtown area of Moab, Bryce Canyon Nation Park, Canyonlands National Park, and all the sights of the beautiful and majestic southern Utah.

To learn more about the event, log on to crawl4christ.com, where you can see the park facilities and register online. You can also log on to UCORA.org and participate in the planning stages in our forum. Different aspects are available for your input and you can ask any questions which may not have been addressed.
