

## Crawl 4 Christ 2010

A different kind of 4x4 Jamboree!

Crawl 4 Christ, a national 4x4 Off Road Vehicle Jamboree, was started in 2008 by a group of guys wanting to give people of faith the opportunity to come together from across the country to share their passion for Christ and their love of off-roading in a fun, family friendly environment.

This year's event, scheduled for June 11-13, is being hosted by the Christian Crawlers 4x4 Club and held at the Southern Missouri Off-Road Ranch (SMORR), located about 40 minutes east of Springfield, MO.

This year's event will include trail runs for all levels of experience on SMORR's nearly 1000 acres of park. Whether you drive a stock rig or a highly modified rock crawler, there are trails suited for you. There will be night runs on both Friday and Saturday for those that dare, as well as family friendly movie night on Friday, and dinner, Christian entertainment, and a raffle on Saturday night.

SMORR has first class facilities including electric and primitive camping, clean new restrooms, a great little café that serves good food at a reasonable price, a nice playground for the kids, and a big pavilion for all kinds of events. Cabins will also be available to rent in the near future!

While the event is based on Christian values and morals, anyone who is simply looking for a family friendly group of people to go off-roading with is welcome!

Nearby attractions include the Original and Amazing Bass Pro Shop, with over 200,000 sq. feet of outdoor adventure, and Branson MO, home to Silver Dollar City family theme park and many other attractions.

To learn more about the event, log on to [www.crawl4christ.com](http://www.crawl4christ.com), where you can see the park facilities and register online.

Note: only 43 electric campsites are available, so if you wish to reserve one please contact Southern Missouri Off-Road Ranch as soon as possible. Electric campsites are not included with registration.
